

**Regency Energy™**  
**U32**  
**Medium Gas Insert**

This direct vent insert is a complete fireplace system that can turn your existing wood fireplace into a high efficiency, clean burning gas heater. This direct vent gas insert is perfect for airtight homes or basements because the sealed firebox doesn't use internal air. Enjoy peace of mind; all Regency gas inserts operate without electricity.

Backed by the industry's most comprehensive Limited Lifetime Warranty.

**How it Looks:**

- Efficient upgrade to keep the heat in your home
- Firebox mimics the style and elegance of a real wood fire
- Heat radiating ceramic glass provides maximum warmth
- Realistic logs with beautiful flames and platinum infused bright embers

**How it Works:**

- Whisper quiet variable speed blower to push the heat
- Controllable heat with up to 50% flame turn down
- Easy access waist height controls
- **Electronic Ignition with SureFire switch** or Standing pilot system
- Direct vent technology protects your in-home air quality.
- Operates on natural gas or propane
